

- **Web cast Funeral Agreement**

Plaza Jewish Community Chapel can provide a live Video broadcast (web cast) of a chapel funeral service over the Internet. In order to access this web cast, a person clicks on the appropriate link on Plaza's web site, enters a password, (or not, depending on the family's wishes), and watches the Live web cast in Windows Media Player.

Plaza strongly believes that attendance at a funeral and personal interaction with the bereaved family is a sacred obligation. Attendance by Web cast is rarely a proper substitute. Therefore, Plaza recommends that the use of this web cast capability be restricted to those individuals who due to age, health, travel restrictions or other special circumstances would clearly be unable to attend the funeral.

Plaza makes the live web cast available at its cost without profit (\$100/funeral) subject to the following terms and conditions:

1. Viewers of a Plaza Funeral Web cast service must have minimum Internet connection, hardware and software requirements met, in order to see and hear web cast. The minimum and optimal technical requirements for Web cast viewing are covered in 'Item A' of this agreement. However, even if a viewer has met all technical requirements, there is no warranty or guarantee of any kind that the Web cast will be in working order and will operate as intended at the date and time of the chapel service. Plaza shall have no liability whatsoever in the event that any party is unable to see or hear or see the funeral web cast for any reason irrespective of whether that inability was due to a technical deficiency under the control of Plaza or a failure which was beyond Plaza's control.

2. In order to protect the privacy of the bereaved family, Plaza will make the pass code for access to the web cast available solely to the person making the funeral arrangements who has signed this Agreement ("the Undersigned") and to no other person. Plaza will refer all requests for the pass code to the Undersigned and will not make the pass code available without express written instructions from the Undersigned. Plaza can also make funeral web casts available to viewers without a password. These web casts will not be secure and so may be accessible by anyone. Should the Undersigned wish to have a non-password protected web cast, please check the box below.

3. The Undersigned recognizes that the web cast of a funeral over the Internet is capable of being recorded or rebroadcast by any person who gains access to the pass code whether authorized or unauthorized. Plaza shall have no liability whatsoever for any such recording, rebroadcast or other unauthorized use of the web cast or any transcript thereof. The Undersigned also acknowledges that Plaza exercises no authority or control over the content of the funeral and, therefore, agrees to indemnify, defend and hold Plaza and its officers, directors and employees harmless from any and all claims which may arise from or be occasioned by any matter contained in or resulting from the web cast of the funeral, including but not limited to any claim of libel, slander, invasion of privacy, emotional injury or the unauthorized use of any copyright or other intellectual property right.

Check here if you DO NOT want the funeral Web cast to be password protected. By doing this you are acknowledging that you understand that anyone can gain access to this web cast by simply clicking on the publicly available link on Plaza's Web site.

I have read the foregoing Agreement and accept its terms.
